CHICAGO PRODUCE MARKET.

CHICAGO, Sept. 27.—[Special Telegram to the BEE.]—The wheat market lacked the enap that characterized it yesterday and there was rather a dearth of news of any kind. There was, however, a fair amount of business done and compared with the dullness which prevailed a fortnight ago this would nave been called a good day. Under very heavy offerings the market opened %c under yesterday's closing figures for Octo-ber at 714@73%c for December and 79%c. which was exactly yesterday's close for May. The heavy offerings were easily taken without any decline in price and the market held steady and even advanced a fraction. During the first hour there appeared to be a very strong undertone, Outside markets were generally strong and public cables quoted spot grain firm with prices tending upward wheat and corn. The exporters were not noticed as buyers, however, to any considerable extent. Receipts at Minneapolls and Duluth were liberal, aggregating 809,000 bushels for the two points. Receipts here were a little less than expected-173 cars-of which 113 were spring and of these 8 cars graded No. 2, which is rather better than recent arrivals, although still remarkably low grading. About the middle of the session reports began to come of wheat posted in New York as out of condition. The first report was of only one boat load (8,000 bushels), but later reports gave three boat loads and there were rumors of even more. Apparently upon this news, as it was simulaneous with its arrival, prices declined about 1/c and afterwards sagged another 1/c. A portion of the decline was soon recovered A portion of the decline was soon recovered and the last hour saw a complete recovery under the buying to cover shorts by Pardridge and by Ream. It has been reported for several days that the latter bear has been covering his short sales, but there is good authority for believing that his purchases of May wheat today were the first made for that purpose. The market closed strong at 71½c for October, 74½c for December, 70½c for May, a gain over yesterday's close of ½c, ½@¼c, and ½c for the three deliveries respectively. Vessel room was taken for 60,000 bushels of wheat here to-day.

wheat here to-day.

The estimated receipts of corn for to-day were 825 cars. The actual receipts were but 728 cars, an encouraging feature to the gentlemen who have faith in higher prices for corn. The market opened ½c higher than yesterday's close, or at 41½c for October and 44½c for May. The demand for cash corn for shipment still continues good, a feature which has wiped out the premium of the October over the September delivery. Hutchinson sold May corn to-day and was a buyer of October, as was also Baker. There was a fair amount of business done and toward the close of the session the fact that but 420 cars were expected for to-morrow gave added strength and the close was at about the highest point of the day at 42(242½c for October and 45½c for May, a gain of about ½c over yesterday's closing figures. Lake charters for corn to-day were for 443,000 bushels.

Oats displayed rather more activity in the speculative branch of the trade to-day and a firmer feeling prevailed in sympathy with the strength in other lines. Trading was of

speculative branch of the trade to-day and a firmer feeling prevailed in sympathy with the strength in other lines. Trading was of fair volume and the 10 clock closing figures were about ½c above yesterday's last bid. October improved from 25½(25½c at the opening to 25½c. November from 25½c to 26c and May from 20½c to 29½(229½c co 26c and May from 20½c to 29½(229½c co the split. No. 2 cash oats on the regular market were again nominal, though there was a fair demand to go to store and f. o. b.

In provisions the day passed in a quiet manner. October short ribs, which were again allowed to follow their own course without interference by the controlling house, opened at \$7.80, or 5c under last night's closing, and in the absence of any particular de-

opened at \$7.80, or 5c under last night's closing, and in the absence of any particular demand receded with 56 jumps to \$7.50, reacted a little later and finally stood at 1 o'clock at \$7.6714, or 1714c off from yesterday's final quotation. In lard for the different deliveries the fluctuations were limited and prices showed little or no change, resting at \$6.42½ for October. The January product was unchanged, though easier. Pork for this month closed at \$12.2714, lard at \$6.45 and short ribs at \$6.25. Cash property was quiet.

CHICAGO LIVE STOCK.

CHICAGO, Sept 27 .- [Special Telegram to he BEE. |-CATTLE-The supply was not large, comparatively, but all kinds of cattle except good ones were plentiful enough. There was a good demand for fat native cattle and buyers had to pay more money for all descriptions of cattle. Sales were made unevenly. One man said he saw a lot of cattle old at \$4.35 and another at \$4.50 and he was not smart enough to tell which lot was the best. It was the opinion of some that such as sold at \$3.90@ 4.00 last week were selling at \$4.25 to-day. Salesmen differed, but nearly all agreed that the inferior cattle sold no better, while the good ones were 10c higher. Some very choice beeves sold at \$5.20@5.25. Receipts, 9,000; shipments, 1,000. Good natives 10c higher. A few cars of fancy sold at \$5.20@5.35. Shipping steers, 1,350 to 1,500 ibs, \$4.50@5.00; 1,200 to 1,350 ibs, \$3.50@4.65; 900 to 1,200 lbs, \$3.60@3.70. Trade was slow at the opening, with an even run of prices, though more on the down turn than otherwise. Packers paid \$4.60@4.50 for fair to good, \$4.35@4.50 for common and \$4.00@4.10 for akips. The best heavy assorted sold at \$4.90@5.05; light sorts, \$4.00.

FINANCIAL

NEW YORK, Sept. 27 .- [Special Telegram to the BEE.]—The yacht race proved a better attraction than the stock market and Wall street brokers paid little attention to trading, hence a dull. uninteresting market was witnessed by those who were unable or dis-Inclined to go down the bay to watch the fun. London was quiet and steady and sent fair selling orders for St. Paul, which depressed that stock % per cent, but after the ssure was removed it reacted % per cent. No property in the list moved over 114 and the majority did not average over 1/2 per cent. There was no outside news to affect the general list. Some of the old bears were cred-ited with changing to the bull side and advancing the argument for their action that their turn had come, and although they did not expect an immediate and large improvement they looked for a better market in the hear future. Pacific Mail, that exhibited a decided buoyancy yesterday and advanced 4 points, was rather tame, and after opening 1/4 tigher broke 13/4, but reacted 3/4 per cent. The goestp is that Gould and Sage have maken Henry Hart out of part of the 65,000

shares he held and that Gould, Huntington and Houston will enter the directory. The Coalers were exceptionally strong, advancing % to 1% per cent on the reported advance of 10@15 cents per ton in coal. Reading led, as the earnings show up big for the nine months of thisyear, the net showing an increase of \$4,334,682 and expenses decrease \$760,244. A marked improvement was noted in the feeling toward the close, and although trading did not perceptibly increase, prices for stocks gradually advanced, last sales being at nearly the outside figures and recorded advances extending 1% per cent, the latter being on Reading. The principal advances were Lackawanna 1/4, Lake Shore 1, New England I, Western Union 14, Louis-ville & Nashville 34 and Northwestern 34 per cent. The declines were Pacific Mail 14 and St. Paul 14 per cent. The total sales were 222,365 shares, against 279,050 shares yester-

OMABA LIVE STOCK.

Went 1 Tuesday, Sept. 27. There was a heavy failing off in the receipts of cattle as compared with yesterday, there being only seventy-one loads in. There were no good heavy corn-fed steers here. There was considerable demand for that class of cattle to-day, and cattle suitable for the dressed beef trade would doubtless have sold at strong prices. One load of corn cattle averaging 115 lbs sold at \$4.15. The market on range cattle was about steady with yesterday but weak and not very active. Cattle.

Hogs.

The receipts of hogs were more than double what they were yesterday. The market opened at a decline of about 15c and continued fairly active until the close. Three loads sold early in the morning at \$4.55, but aside from them the top was \$4.50. The market closed a strong 15c lower. Everything was sold.
